From highway A21 Torino - Piacenza take the Felizzano exit, then turn right on Asti - Alessandria State Road,
at Quattordio turn left for Masio

We are located in Quattordio, Alessandria county, between the high and low Monferrato, Piemonte, an area well known for wonderful food and great wine. We are settled in a large, ancient 'cascina' built around 1600, in an old building which was once used as a flour mill. We have rustic but comfortable rooms and flats all over the court with there own kitchen dining room. Price for a two person apartment is 50 Euro /day. Barbecue and woodfire are for free use by guests (wood included!), with a small porch dedicated to lunches, dinners and parties and a 6 meters swimming pool. According to local tradition we produce Tajarin, a speciality of pasta, hand made with flour and eggs, all rigorously organic, great with truffles or roast sauce. Olivazzi Farm grows organic products and transform them entirely in the farm. The entire procedure is certificate by BIOS s.r.l.
